Your Partner in Quality Care

There is no greater honor than for us to earn the respect of our colleagues and the trust of the families whose loved ones are in our care. That is why we are proud of the fact that healthcare professionals throughout Michigan routinely refer residents to Kresge for short-term medical, nursing and rehabilitation needs. We are partners in care because we share the same goals – to provide the most personalized and effective care possible. Because choosing the right rehabilitation center can be as important to a resident’s well-being as prescribing the right medication or determining the best course of treatment, it is important to be confident in your decision. You can trust that Kresge will provide its residents the excellent care they deserve.

Kresge accepts a wide variety of insurance plans so that residents can receive the care they need.

Chelsea Retirement Community is committed to improving and enriching the lives of seniors, following the faith-based mission and guiding beliefs of UMRC. To achieve this, we focus on the diverse needs of each resident we serve, by providing a continuum of high quality programs and services specific to the individual, while embracing an approach that builds and nurtures relationships.

Call 734-475-7310 Today!

“Despite our fondness of our residents, our goal is to spend as little time as possible with them. That’s because we define success by getting people back on their feet and back in their homes as quickly as possible. By working toward this common objective, our team is able to deliver the best, most advanced care while attending to the individual needs of each person.”

— Dr. Musolf
Medical Director
