Respite & Short-Stay Programs

Chelsea Retirement Community
A UMRC Senior Living Community
While many of our residents make Chelsea Retirement Community their permanent home, many others are with us for a shorter period of time while taking advantage of either our Respite or Short-Stay Programs. These programs allow individuals to enjoy a break from the physically and emotionally exhausting jobs of caring for a home and/or being a caregiver for a loved one. Respite and Short-Stay residents can get a break from the harshness of winter while living in a maintenance-free environment, enjoying delicious meals and partaking in social and educational activities on campus.

“What makes this place so special is the people. I’ve met so many great friends, and the staff is the best. And now that I don’t have a house to look after, I have time to do things that I enjoy.”

—Jean W.
Have you ever felt overwhelmed by the burdens of homeownership? Cooking, cleaning and yard work is hard at any age, but is even more challenging to keep up with as we get older. Why not give yourself a break and take advantage of the Short-Stay Program available at Chelsea Retirement Community? Relax in a nicely furnished and well appointed apartment and enjoy housekeeping services, delicious dining, and all of the social, physical and educational activities we offer on our beautiful campus. Instead of shoveling the driveway and scraping off the windshield this winter, curl up in front of the fire with a cup of coffee and a good book — relax, we’ll take care of the chores. We also offer free shuttle transportation to residents so you can easily enjoy all of the shopping and cultural opportunities available in the City of Chelsea.

There is no long-term commitment — stay for a month or six months, the choice is yours. We encourage you to contact us to learn more about the flexible Short-Stay Program options that are available to you.

Do you care for a loved one with Alzheimer’s Disease, dementia or memory loss? Or are you a caregiver for an aging parent or spouse who needs assistance with everyday tasks, and/or requires physical therapy and rehabilitative services? If so, then you are well aware of the physical and emotional toll that caregiving can take. We can help you to make sure that you keep yourself healthy as you care for your loved one.

**Towsley Village Memory Care Center**

At Chelsea Retirement Community, we can assist you in caring for a loved one with Alzheimer’s Disease, dementia or memory loss so that you can also care for yourself. Towsley Village is a state-of-the-art memory care center that was designed to look and feel like home to its 100 residents. It consists of four distinct neighborhoods, each with its own team of healthcare professionals who provide exceptional care and treat each resident like family.

We can furnish your apartment or you can bring your own furniture and belongings to make it feel just like home. Floor-to-ceiling windows offer natural light and spectacular views of the surrounding fields and wetlands. Enclosed courtyards provide a safe, secure environment where residents can enjoy the outdoors. Families have peace of mind knowing that their loved ones are receiving the best care possible at Towsley Village. Residents are welcome to stay from seven days to 180 days.
Does your loved one need therapy or rehabilitative services, or perhaps assistance with everyday tasks, but you need a little help to provide the level of care and support necessary? Through our Respite Program, we offer individuals who may need a helping hand the opportunity to live at Glazier Assisted Living on a non-permanent basis. This allows your loved one to get the 24-hour care he or she needs from our compassionate and dedicated staff, while affording his or her primary caregiver the opportunity to rest and rejuvenate.

Glazier Assisted Living features spacious, private furnished or unfurnished studio apartments, as well as all of the wonderful amenities that residents of Chelsea Retirement Community enjoy.
